Use this sheet when working out your calculations. It will help you to keep the symbol, tens and units in separate columns.

| Symbols | <b>T</b><br>Tens | U<br>Units |
|---------|------------------|------------|
|         |                  |            |
|         |                  |            |
|         |                  |            |

| Symbols | <b>T</b><br>Tens | U<br>Units |
|---------|------------------|------------|
|         |                  |            |
|         |                  |            |
|         |                  |            |

| Symbols | <b>T</b><br>Tens | U<br>Units |
|---------|------------------|------------|
|         |                  |            |
|         |                  |            |
|         |                  |            |

| Symbols | <b>T</b><br>Tens | U<br>Units |
|---------|------------------|------------|
|         |                  |            |
|         |                  |            |
|         |                  |            |

| Symbols | <b>T</b><br>Tens | Units |
|---------|------------------|-------|
|         |                  |       |
|         |                  |       |
|         |                  |       |

| Symbols | <b>T</b><br>Tens | U<br>Units |
|---------|------------------|------------|
|         |                  |            |
|         |                  |            |
|         |                  |            |
